Re-Thinking / Re-Making

Computational Design Lecture Series, Spring 2022
Carnegie Mellon University School of Architecture

Thursday March 24th

5:00pm - 6:15 pm ET | Kresge Theatre

Collateral Architecture

Jordan Geiger
Partner, Gekh;
Visiting scholar in Computational Design, CMU
Co-presented with the SOA Lecture Series

Tuesday March 29th

5:00pm - 6:15 pm ET | Virtual

Software Timelines: New Research into the Origins of Today's Architectural Software Culture

Teresa Fankhänel
Independent Curator

Thursday April 7th

5:00pm - 6:15 pm ET | Virtual

Mediating Form and Matter: From Control to Uncertainty and Back

Benay Gursoy
Assistant Professor, Penn State;
Founder, ForMat

Thursday April 14th

5:00pm - 6:15 pm ET | Virtual

Formulations: Practices of Design Mathematics

Andrew Witt
Associate Professor, Harvard
Graduate School of Design

Thursday April 21st

5:00pm - 6:15 pm ET | Virtual

Reinforcement Learning for Building Construction and Design

Rodger Luo
Principal AI Research Scientist, Autodesk AI Lab

Thursday April 28th

5:00pm - 6:15 pm ET | TBD

Parameter, Material, and Function in Computational Fabrication

Chengyuan Wei
Co-founder, Morphing Program LLC
